

DigitiNexus — Prompt copertine blog (stile illustrato doodle)

Set di prompt per generare le **60 copertine** del blog in stile coerente: illustrazione disegnata a mano (doodle editoriale), figura singola, contorni neri marcati, riempimenti bianco/nero, **un solo colore accento — arancio #F97316** (al posto del blu del riferimento), sfondo piatto **#F3F4F6**. **Nessun testo** nell'immagine: logo e titolo si aggiungono dopo in overlay.

Parametri tecnici

- Modello: **gpt-image-2** (o gpt-image-1.5). Size **1536x1024** (landscape), poi crop a **1200x630** per cover/OG.
- L'Images API **non ha campo "negative prompt"**: le esclusioni ("no text") sono già dentro al prompt.
- Tieni **lo stesso STYLE** per tutte le 60: cambia solo la **SCENE**. Così le copertine sono una famiglia coerente.
- Palette vincolata: linea nera #111111, riempimenti bianco #FFFFFF e nero, **unico accento arancio #F97316** (usato con parsimonia, mai sulla pelle), sfondo **#F3F4F6**.
- Prompt in **inglese** (resa più affidabile dei modelli immagine); i titoli articolo restano in italiano come riferimento.

MAIN STYLE PROMPT (per la pipeline — sostituisci {SCENE})

Hand-drawn flat doodle editorial illustration. A single human figure with simple minimal facial features and a small hair bun or loose hair, drawn with bold, slightly rough and uneven black ink outlines. Clothing and props filled with flat white and solid black areas. Exactly ONE accent colour — warm orange #F97316 — used sparingly on a few shapes, objects or garment details, never on skin. Simple abstract geometric props (arcs, bars, spheres, dots, arrows, panels, browser windows) arranged around the figure. Flat solid background colour #F3F4F6 (light cool grey), no gradients, no texture, no drop shadows except a tiny thin ground line. Centered composition with generous empty negative space, minimal, clean, modern, playful. Landscape, 1536x1024. ABSOLUTELY NO text, no letters, no numbers, no words, no captions, no logos, no watermarks, no readable UI text anywhere.
SCENE: {SCENE}

Come usare i prompt per articolo

Ogni voce qui sotto è **già pronta da incollare** (contiene lo stile in forma compatta + la scena specifica). In alternativa, per lo script automatico, usa il MAIN STYLE PROMPT e inserisci nella {SCENE} solo la frase "Scene:" di ciascun articolo.

Scene: a person holding a shield that protects a stack of documents from a robot hand reaching in, a small padlock nearby, the shield orange.

#60 — Quanto costa adottare l'AI in azienda

Hand-drawn flat doodle editorial illustration, bold rough black ink outlines, single figure, flat white/black fills, ONE accent colour warm orange #F97316 used sparingly (never on skin), flat #F3F4F6 background, centered with negative space, no text/letters/numbers/logos, landscape 1536x1024. Scene: a person weighing a small robot head on one side of a balance scale against stacked coin-discs on the other, orange accents.

Note

- Il riferimento usava talvolta un piccolo punto rosso secondario: qui è stato **unificato all'arancio** #F97316 per coerenza di brand. Se vuoi un secondo accento, definiscilo una sola volta e applicalo a tutte le 60.
- Dopo la generazione: ritaglia a 1200×630, esporta in **WebP**, poi **overlay** di logo DigitiNexus + titolo (font Manrope) via codice — l'AI non deve disegnare testo né logo.
- Coerenza tra immagini: stesso STYLE, stessa size, e — se serve più costanza del personaggio — passa una delle prime cover come **immagine di riferimento** all'endpoint *edits* con `input_fidelity:"high"`.
